

## New Group Pick Up Location Info for Barr Farms CSA

Want to pick up your CSA at your home or work? You will need a:

- **Location**
- **Point person**

An ideal site might be a break room at a business or office tower, a health/exercise center, a small grocery, a community center, a doctor's office, a place of worship, a covered side or back porch of a home, or any other place you think would be good.

### **Location considerations:**

- Where will the boxes be delivered? Accessible for truck and delivery person?
- Where will the boxes be picked up by members?
- Is the site secure *and* accessible?
- Is it inside in the air conditioning, or is there a shaded porch?
- Is there a place to store produce boxes until the next delivery?

*Note: Some locations choose to have a refrigerator plugged in only on delivery days, to give members a longer timeframe to pick up their veggies. If you want a refrigerator at your site, let us know!*

### **What you'll need to do as the point person:**

- Help recruit/organize CSA members for your site (the more members you get, the less the fee is for the members, and the more benefits you get as point person!)
- Be there the first day of CSA delivery to greet each member and show them how it works
- Each week, return to the delivery site (either at the end of the pickup time period or the next day) to be sure there are no veggies remaining. If there are, you can keep them or donate them.
- If there is a fridge/cooler at your location, you would unplug it and prop open the door until the next week.
- Be sure site is tidy and returned boxes are neatly stacked.
- Maintain contact with us to let us know if issues arise

### **Benefits:**

- A delivery site where you live or work.
- More flexibility on when you can pick up your share
- Extra veggies if someone forgets to pick up (or you can donate them to a food pantry or a friend who needs them)
- **Point person gets a discount**
  - 2-5 members: \$3.50 delivery fee waved
  - 5-12 members: \$2 delivery fee waived, plus 25% off your CSA share
  - **over 12 members: 50% off your CSA share!**
